DRIVER OF THE YEAR 2018

Wincanton

EVENT E: PIRATES

DRIVER'S BRIEF

The objectives of this exercise are to test the manoeuvring, listening and communication skills of the drivers and their team colleagues.

Other objectives are for drivers to realise how important hearing is to safe driving, the importance of turning the radio off when manoeuvring, the presence of vision impaired drivers on UK roads and the importance of communicating this understanding back to their contracts.

RULES

The vehicle will be driven backwards out of Bay 1 and into Bay 2. Due to the drivers restricted visibility, he will require verbal guidance from his passenger (team mate) throughout the activity. The vehicle will then be driven forwards from Bay 2 into Bay 3. The vehicle is to be driven backwards out of Bay 3 through Bay 4 into Bay 5. Finally the vehicle will be driven forwards back to Bay 1 to finish.

SCORING SYSTEM

Every driver starts with 100 points
If the driver clips a cone: -8 pts per cone
For not moving far enough forward or back: -5 pts
