

# Renault F1 Team R25/R26 2005 & 2006

## 2005 & 2006 FIA Formula 1 World Champions

The distinctive yellow and light blue livery of the Mild Seven-sponsored Renault F1 Team was first introduced in 2002 when Renault returned to Formula One as a Constructor. Above all, Renault wanted visual parity with a title partner and high visibility for television. This unique colour combination delivered exactly that and was in use for five years.

## Features

Bright, contrast, visibility, positive, balance, youth, fun.
